Norman County 0.5 Percent Transit Sales and Use Tax

Starting July 1, 2022, Norman County will have a 0.5 percent transit sales and use tax. The Minnesota Department of Revenue will administer this tax. Norman County intends to use the funds gained through the local option transportation sales and use tax toward the payment of the general obligation bonds for the capital cost of constructing a new highway maintenance facility.

This tax applies to retail sales made within Norman County. The use tax applies to taxable items used in the county if the local sales tax was not paid.

This tax applies to the same items that are subject to the state Sales and Use Tax.

In accordance with M.S. 297A.69 agricultural equipment and products are exempt from the local option sales tax.

Motor vehicles are also exempt from the local option sales tax.

For more information about local taxes, see Fact Sheet 164, Local Sales and Use Taxes. It is available on our website, www.revenue.state.mn.us.

Reporting the tax

Report the Norman County transit sales and use tax when you report your Minnesota Sales and Use tax. Each tax is reported on a separate line of your return.

Use tax

Norman County transit use tax applies when you are located in the county and you buy items or services without paying the transit sales tax.

Use tax is similar to sales tax and the rates are identical. It is based on your cost of taxable purchases. Common examples of when you owe use tax are when you:

- Buy items on the Internet, by phone, or from any business for use in Norman County and the seller doesn't charge the local tax.
- Buy items for resale at your business, then remove some of the items from inventory for business or personal use in Norman County.

Exemption certificates

Local governments

Local governments are not required to pay the Norman County transit sales tax (or other local general sales taxes). No exemption certificate is necessary. But state sales tax generally applies.
